

# ShenZhen Shiji Lighting Co.,Ltd

Thirteen years of experience in the optoelectronic industry,

Century Optoelectronics will, as always,  
pursue strict and excellent lighting quality  
and complete LED lighting technology solutions,

To provide high standard value services  
for the lighting second lighting project.

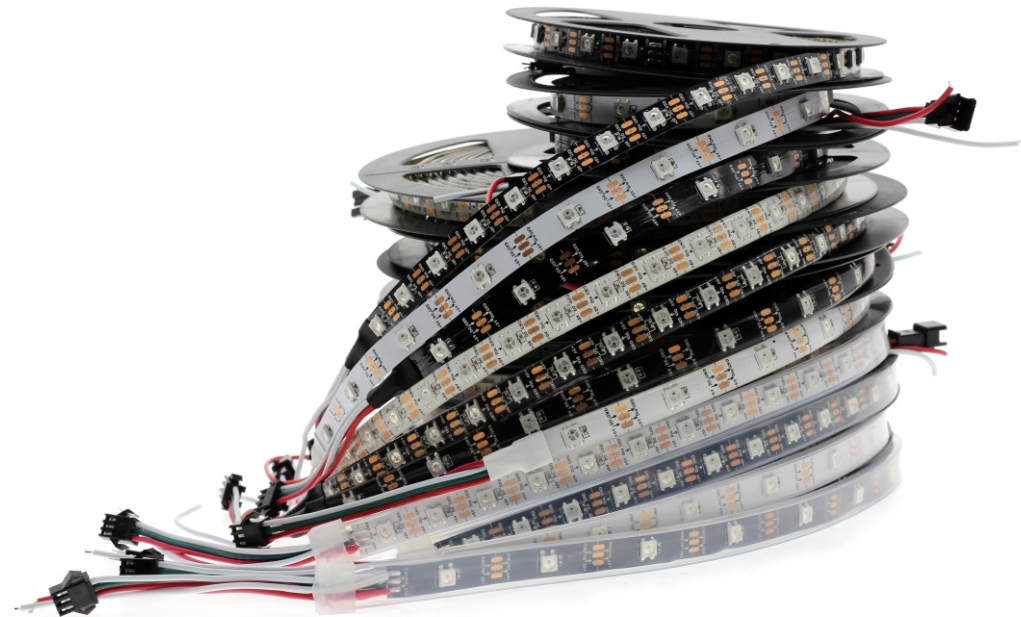

**Shiji Lighting**  
**Shiji-led.com**

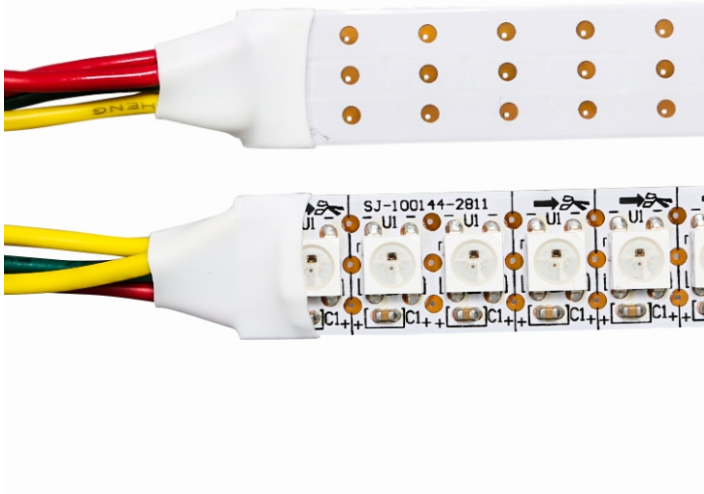

## SOFT LIGHT STRIP SERIES

FPC circuit board is soft,  
It can be bent, folded and wound at will,  
Suitable for various lighting projects,  
Low power consumption, bright luminous color,  
uniform color mixing,  
Beautiful appearance,  
not easy to damage, simple installation..

## Sk6812 LED strip

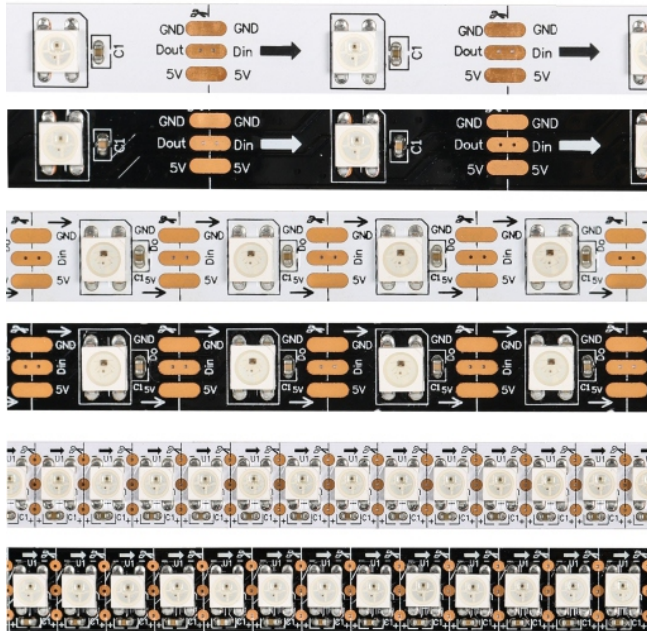

**SJ-100144-SK6812-5050-RGB**  
DC5V,SK6812 IC,  
144pixels/m, 6.94mm pixel pitch,  
12mm pcb width,43.2w/m,  
waterproof IP20/IP66(silicon tube).

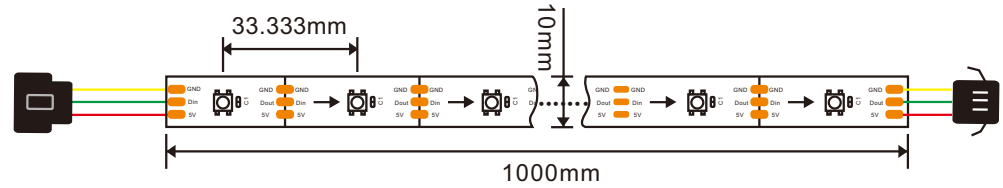

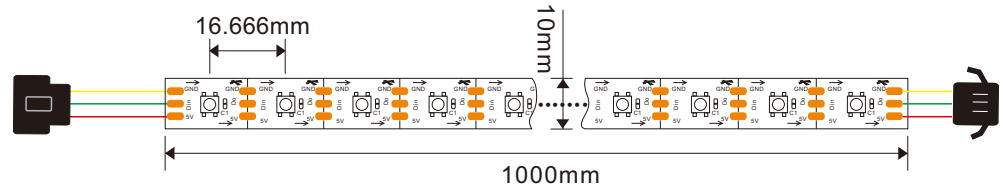

## Detail display

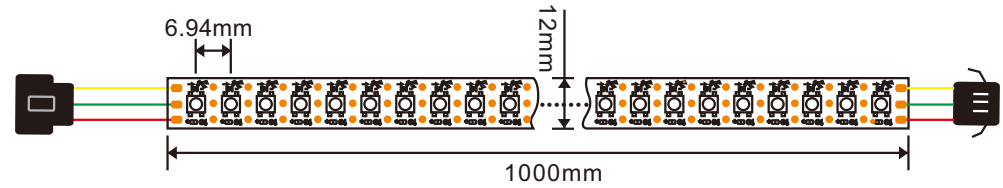

30LEDS

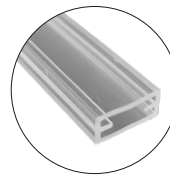

60LEDS

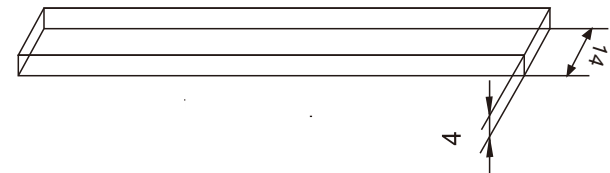

144LEDS

3M back sticker

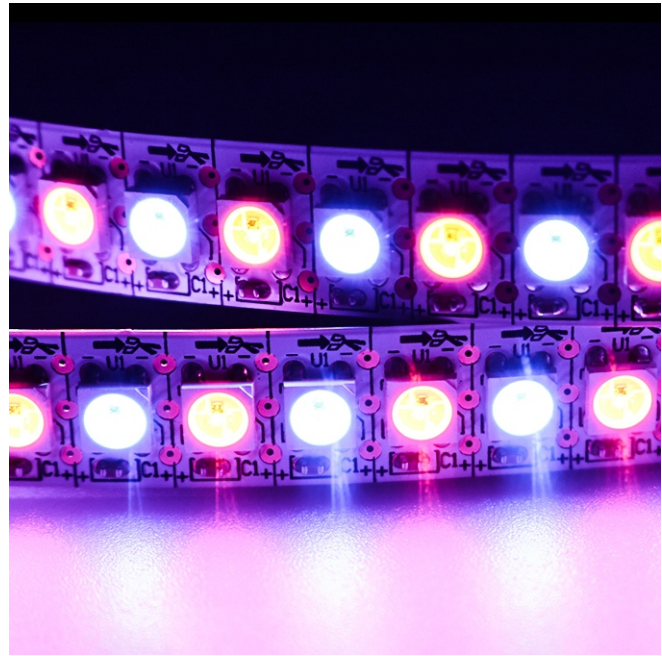

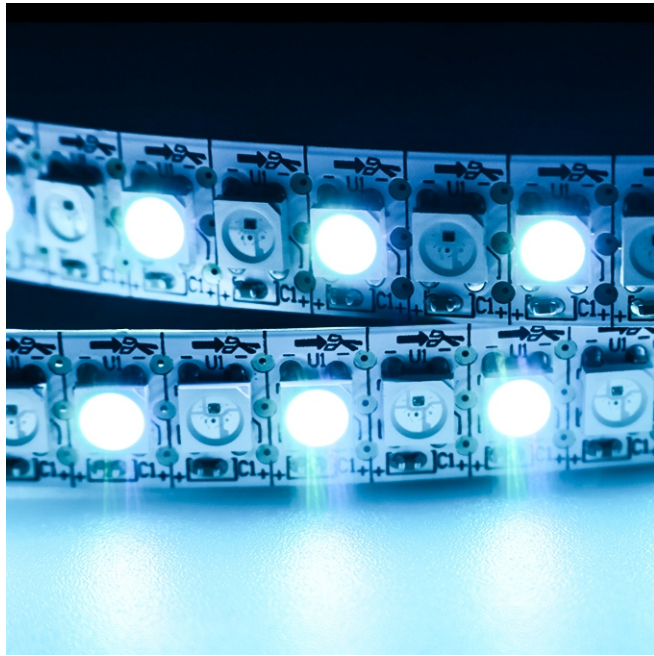

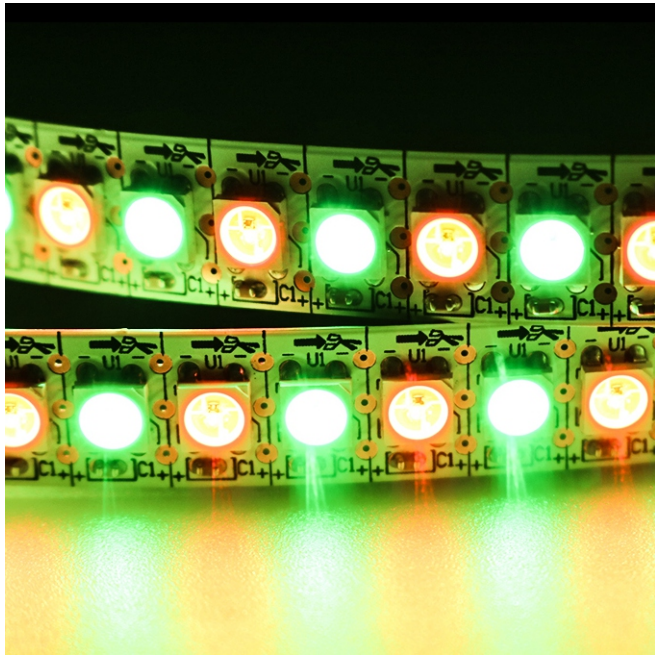

Side view: IP65

Tube waterproof

## Live shooting effect

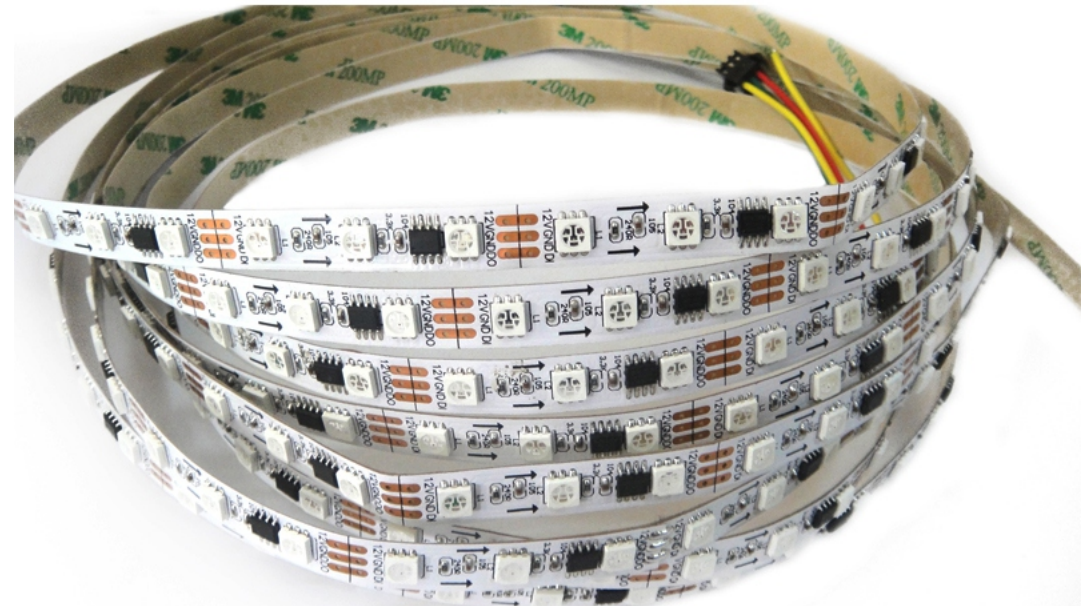

## Application scenarios

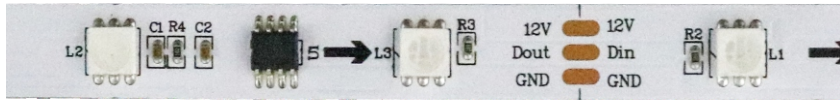

## Ucs1903 LED strip

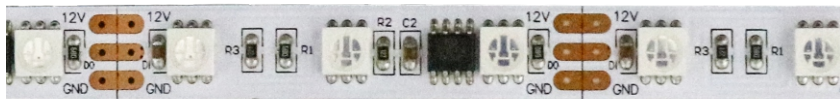

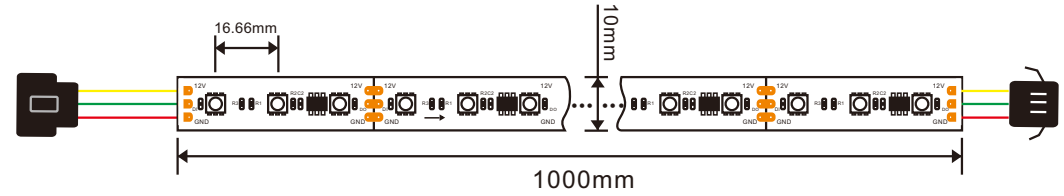

**SJ-10060-UCS1903-5050-RGB**  
DC12V,UCS1903 IC,  
20pixels/m, 16.66mm pixel pitch,  
10mm pcb width,14.4w/m,  
waterproof IP20/IP66(silicon tube).

## DMX512 LED strip

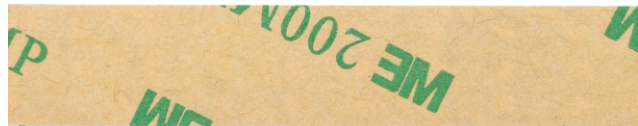

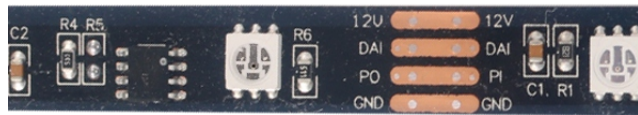

### **SJ-10030-DMX512**

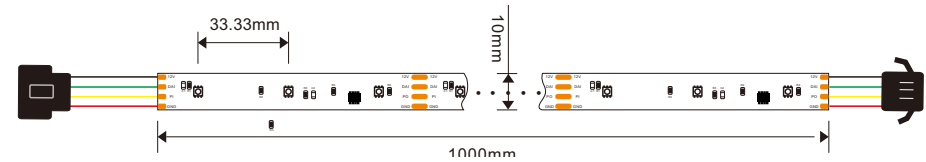

DC5V,DMX512 IC,  
30pixels/m, 33.33mm pixel pitch,  
10mm pcb width,7.2w/m,  
waterproof IP20/IP66(silicon tube).

## Detail display

IP65 waterproof led strip

Tube waterproof

## Live shooting effect

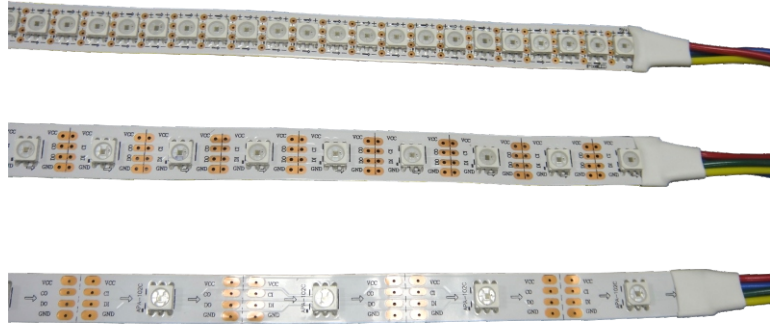

## Application scenarios

## APA102C LED strip

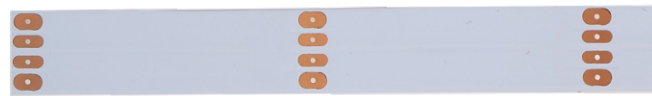

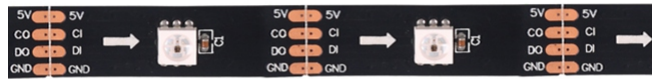

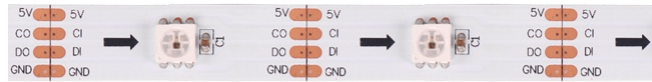

### **SJ-10030/60/144-APA102C**

DC5V, APA102C IC,  
30/60/144pixels/m, 33.33/16.66/6.94mm pixel pitch,  
10/10/12mm pcb width, 9w/14.4w/43.2w/m,  
waterproof IP20/IP66(silicon tube).
